## **Background to Transition Year**

Transition Year is an optional programme offered to students upon completion of their Junior Certificate. It offers students the opportunity to renew and consolidate the work done in Junior Cycle, explore new areas and methods of study, and make a more mature and informed choice regarding their future development and learning at Senior Cycle level.

### **Aims of the TY programme:**

- Education for maturity with the emphasis on personal development.
- Promotion of general, technical and academic skills.
- Education through experience of adult and working life.

Transition Year is not compulsory in Clonmel College. Interested students should apply using the procedure outlined below. For acceptance onto the TY Programme, the school must be of the opinion that the student will benefit from participation in Transition Year, and, equally, that their participation will not prevent any other student from benefitting from participation. Any decision in this regard will be taken by the TY Admissions committee.

### **TY Personnel and Classes**
